

THE SHROUD OF TURIN: IS IT REAL?

What is the science behind our present understanding of it?

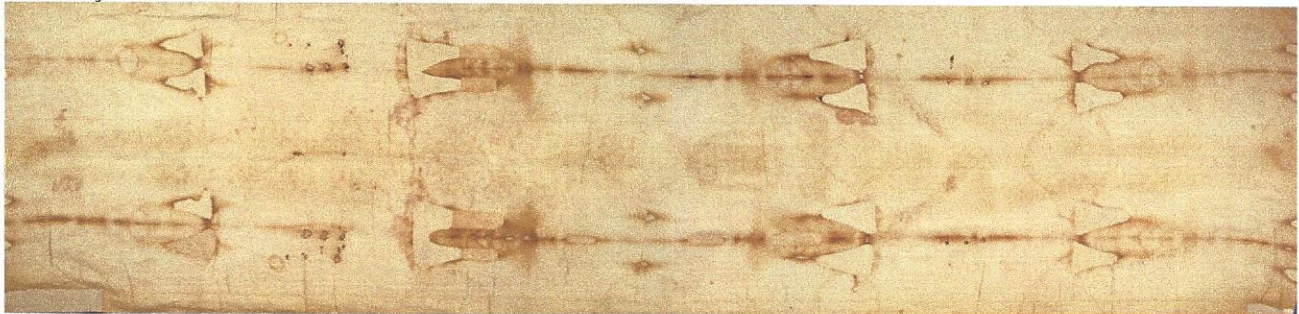

Questions to be Addressed:

- 1.. What are the Shroud of Turin, the head cloth (Sudarium), and the Veil of Veronica?
- 2.. How is it that these relics have come down to us through 20-centuries?
- 3.. Is the Shroud an elaborate medieval fake?
- 4.. How can we understand why the carbon-14 dating done in the 1990's is wrong?
- 5.. Do we now understand how the image was made on the Shroud?
- 6.. As we see it now, what are the chances the Shroud is *really* the burial cloth that covered our Lord after the crucifixion and during his resurrection?
- 7.. Even more mysteries to attempt to understand
